*"Exceeded expectations. Was much more motivational than I expected. I'm confident that I can incorporate injectables in my practice upon completion of the course"*

*"Loved the course in our office. My whole team is onboard now. I suggest other dentists highly consider private/small group trainings"*

*"Very impressed. Professional yet not intimidating"*

*"Engaging, informative. Great course. I'm excited and feel comfortable integrating botulinum toxin and dermal fillers in my practice"*

*"Excellent. Instructor was highly experienced. Very methodical and organized"*

*"The course was well rounded. It introduced me to dental as well as cosmetic uses. Dr. Blessing was entertaining as well as informative"*

*"Love the real-world applications discussed throughout the whole course"*

*"Great course. Morning lecture was very informative and energetic. The course was easy to follow and during the hands-on portion, the one-on-one instruction was phenomenal. Ready to incorporate injectables into my practice"*
